Subject: GHMC Disaster List Update - OK, TX
Effective: Immediately

The Federal Emergency Management Agency (FEMA) has issued the following notices of major disaster declarations due to the recent winter weather events:

- EM-3555-OK dated February 17, 2021 for the state of Oklahoma

GHMC has updated our Disaster list to include the affected counties by these events in Oklahoma and Texas.

For subject properties located in these declared disaster areas, GHMC will require the Appraiser to do a re-inspection of the property confirming it was not affected by this event. In the event this requirement impacts a closing date, please reach out to your GHMC Account Executive for assistance.

The updated **Disaster List** and our **Disaster Requirements** are posted on the GHMC website Resource Center in the Product Guidelines – Conventional and Government folders.

Please contact your Account Executive for assistance.
